## GREENPRO SUMMIT 2025 SUPPORTERS

### Title Supporter

### Principal Supporter

### Platinum Supporters

### Silver Supporters

### Gold Supporter

Supporters listed are as on 18.07.2025

## GreenPro : Type – 1 Ecolabel

Enables the end users in the building sector and manufacturing sector to choose sustainable products throughout various stages of Building Lifecycle.

A product which bears GreenPro Ecolabel has lower environment impact and contributes significantly for enhancing the performance of Green Buildings and Green Companies.

GreenPro Ecolabel is accredited by Global Ecolabelling Network (GEN) through GENICES – GEN's Internationally Coordinated Ecolabelling System.

GreenPro empowers end users with product sustainability information and steer them towards purchasing of sustainable products.
